we are setting up for the event

Kristine Johnson is starting to paint faces

and she even donated a \$100!

people are arriving and getting caught up on all the news.

most of the folks are here and we are about to start eating - we had a lot of good food.

Josephine now has the floor for her report.

Gary is about to call for a motion to end the meeting - there were more people off to the left that I couldn't squeeze into the picture.

the meeting is just starting
